

BUILDERS' CLUB INFORMATION

The Builders' Club is a passionate and determined group of monthly givers on a mission to end the affordable housing shortage in Rutland County.

Builders' Club members make automatic donations every month, which makes it easier for Habitat to plan long-term budgets more efficiently and create more life-changing outcomes. Members choose how much to give, and you can change your amount or cancel at any time.

As a member, you make a difference all year round. With every monthly donation you alter the trajectory of families' lives. Improved health, double the chance of attending college, and financial freedom are just a few benefits that your membership brings to families living in the homes your contributions will help build.

These aren't passive monthly donations! They've already made it possible for hundreds of families to build better homes and better lives for themselves.

There is a saying that, "home is where the heart is", but we prefer, "home is where the start is!" Home affects every aspect of someone's life. Your membership makes it possible for families to build and repair their very own home, giving them a solid foundation from where to start. The impact is immediate and changes lives for generations to come.

The world we live in can be scary: wildfires, global pandemics, bad news—but there is something you can do. Your membership creates more goodness in the Rutland County and beyond! Your contribution builds quality homes, strengthens communities, and builds hope locally and globally.

There are several milestones in life that forever change people and their future—high school or college graduation, getting married, the birth of a child, and purchasing a first home. As a Builders' Club member, you are part of making these milestones possible. Your membership builds homes in which families thrive and dreams come true.

HOME BUILDERS \$25/ month
